

STATEMENT OF
TYPICAL PARTICIPANT EARNINGS
("STOPE")

02- 01-2021

Income of a Typical Participant in the Rewards Plan of Viaveta™ earned from compensation on retail sales of products and/or services to consumers. Success in this business requires hard work, dedication and good sales skills.

The average Affiliate in a direct selling business earns between \$500- \$1500 per year. Some earn less while some earn much more. Please note that these earnings are estimates and have been derived from the earnings experience of existing direct sellers, which operates a comparable Compensation & Rewards Plan, selling comparable products and services in the industry.

These earnings estimates will be reviewed after 6 months of operation of the Netherlands Compensation & Rewards Plan and updated at a time that compensation is received by typical Viaveta™ Influencers or Participants in the Plan.

After one year, this "STOPE" will be updated again, and annually thereafter.
